WELCOME FROM THE FAIRGROUNDS MANAGER

2023 came in like a lion!! So thankful for the moisture to help the ranchers this year! As we prepare for fair, we are thankful for a lot of things...a great community, great sponsors, great 4-H/FFA members, and most of all the great volunteers who work hard to help make fair successful for the kiddos! This year our cover was drawn by a local 4-H member and cowgirl from Cardwell who has spent over nine years showing cattle at our fair. Kyra Armstrong continues to work on the family ranch and explained her drawing. "The picture is of a baby calf and my little niece. It shows the beginning of two lives which are the future. At this point, a person has no idea what will happen to these lives. The calf will not only grow up to feed people, but it is the start of the next generation. My little niece is the beginning of our family's future. "We are the ones that shape these two futures," she explained. Out West is the Best!

We have several special groups and people who we love to show appreciation to. Please take time to read those pages in the book and let them know how special they are! We will honor Duke Novich, long time rancher and a staple gentleman in our community. Duke and his gorgeous team will be performing at our rodeos. Stop and say "hello".

Back by popular demand...Plowed Under Band after the NRA Rodeos. New this year is The Birdman with "World Class Shows" featuring large Eagles, Condors, Vultures and much more. Check him out online! Two of our favorites from Canada will be here to entertain with "Twin Magic" Double Vision is always a crowd pleaser. Adventure Zone is offering Family Day on Thursday, August 10 with special rates. Be sure to check it out! Our little super star, Lydia Hutchinson will carry the flag on her trick horse at the NRA Rodeos as will the State Champs, the Ramblin Rose Drill Team will be performing. **PLEASE NOTE:** The Ruby Valley Tractor Pull will go before the Ranch Rodeo on Thursday, August 10 at 4:30 pm. The Ranch Rodeo will follow at 7:00 pm. Please give a shout out to all of our Arena Sponsors, Open Class Sponsors, Special Event Sponsors, and Local Sponsors who are top notch in every way! We appreciate everyone!! Have a good fair!

We found this interesting! American moonshiners were in desperate need of avoiding cops during the Prohibition era (1920-1933), and thus, these heifer-heels were born. They'd use these puppies to look like cows when traipsing through fields or across other terrain that might leave footprints for the authorities to track.

These shoes bring a whole new perspective to "hoofin' it."

Madison County Fair History: Early Twin Bridges offered few public gathering places, and so these fifty acres, once part of the Lott and Seidensticker homesteads, were **developed as "The Park" in 1887**. A "harvest home barbecue" was held that year, and two years later the event had blossomed into the first annual county fair.

Remembering Rooster Reynolds

December 25, 1961 – April 14, 2023

Rooster was born in Brownwood, TX but was raised on a ranch just outside of Twin Bridges, MT. He was born the same year that his father Benny Reynolds was crowned the 1961 World All-Around Champion Cowboy. From then on, Rooster was destined to be a cowboy!

He started off with 4-H rodeos, trying every event possible. When Rooster moved into the high school ranks, he earned the Western Top Hand Challenge award in 1981 for his steer wrestling talent. After high school, he attended Western Montana College in Dillon, MT. He was a successful steer wrestler and roper for the Western Bulldogs, even winning 3rd at the College National Finals in 1984 in steer

wrestling. He was just getting started! In 1987, he earned the titles of Steer Wrestling Champion in both the NRA (Northern Rodeo Association) and EIRA (Eastern Idaho Rodeo Association). In 1988, he joined the PRCA (Pro Rodeo Cowboys Association) and was 3rd in the Rookie of the Year standings. Along the way, he tried many events: steer wrestling, team roping, tie-down roping, and bull riding. He also entered the wild horse race and wild cow milking every chance he could. Rooster qualified for the Montana Circuit Finals in both steer wrestling and team roping multiple times.

In 1995, Rooster got to experience the excitement of competing in the NFR. He went in 13th and ended up third in the world. He won Rounds 2 and 8 and was named the Wrangler National Finals Average Champion.

When Rooster tried his hand at the Senior Pro Rodeos, he found success there, as well. He made it to the National Senior Pro Rodeo Finals in tie-down roping and steer wrestling in 2007. Rooster won the average and earned the title of NSPR Finals Average Steer Wrestling Champion.

Remembering Rooster Reynolds...continued

Rooster became famous for his “Rooster Shuffle”—never missing the chance to delight the crowd after a good run! He was also very talented with a rope. He was the 1991 Montana Pro Rodeo Finals Average Champion Header in team roping with his heeling partner Cal Stucky. He was well known for his ropings held at the Reynolds Ranch arena with every format imaginable and fun prizes to go along with the money won. He also attended many local and out of town team ropings and was successful in numerous Wrangler Team

Roping Championships along the way.

For leaving his mark on professional rodeo, Rooster was inducted into the Legends category of the Montana Pro Rodeo Hall and Wall of Fame in 2018. He not only enjoyed participating in rodeos and team ropings, he found great joy in helping younger cowboys and cowgirls hone their steer wrestling and roping skills, as well.

Rooster’s talents went beyond the rodeo arena. He was a true cowboy poet and is well known for his poems and songs. He was requested to perform these at many functions. Rooster had a huge heart and an even bigger personality. If anyone had the chance to meet Rooster, they certainly remembered him...and most likely has a story to tell of an adventure or two with him. In classic “Rooster” form, he is quoted as saying, “I don’t know if the path through life I have chosen is the right one, but it is certainly the most scenic.”

HISTORY OF POST 31, TWIN BRIDGES

Daniel P. Brockman

Dan Brockman was born on August 28, 1896, in Grey's Lake, Idaho. Dan came to the Ruby Valley as a boy with his father and lived on the Baker Ranch south of Twin Bridges. Later, homesteading at the south end of "The Hogback." As a youth, Dan attended the Centerville school south of Twin Bridges.

Dan entered the U.S. Army on October 26, 1917, serving until March 26, 1919. Dan again joined the U.S.

Army on January 28, 1942, and was discharged on January 28, 1943. Dan was credited for keeping the American Legion Post 31 charter active during the 1940s and 1950s when membership was low. During this time, Dan purchased a lot in Twin Bridges on Madison Street and donated it to Post 31 as a building site for a Post home.

Later with Dan's consent, Post 31 with other organizations cooperated to construct a community building on the lot. Initially, the Twin Bridges Public Library and Fire Department occupied the community building that Dan originally intended to be the spot for the "Legion Home." Dan also donated a partial lot for the Twin Bridges Medical Center.

Leo J. Powers

Leo J. Powers was born in Anselmo, Nebraska, on April 5, 1909, and spent most of his life in Montana. Before entering the U.S. Army on September 17, 1942, Leo was employed by the Gilbert Livestock Company in Alder, Montana. President Franklin D. Roosevelt awarded him the Congressional Medal of Honor in the White House on January 10, 1945.

Leo received the nation's highest military honor for conspicuous gallantry and intrepidity at the risk of his life above and beyond the call of duty on February 2, 1944, during an assault by the Fifth Army on Hill 175 near Cassino, Italy. PFC Powers was wounded twice during the Italian campaign. After the war, Leo, and his wife Jane, lived in the Ruby Valley for a few years before moving to Anaconda, Montana.

Leo died on July 14, 1967, from a heart attack at the age of 58. Leo was a member of the American Legion, the Veterans of Foreign Wars, and the Disabled American Veterans. At the time of his death, he was the Department Senior Vice President of the Disabled American Veterans.

ROTARY CLUB OF THE RUBY VALLEY

“SERVICE ABOVE SELF” is the guiding principle of Rotary. The Rotary Club of the Ruby Valley was founded and chartered as Twin Bridges Rotary Club in 1929 as a small chapter in a large book known as Rotary International/RI. RI started with the vision of one man — Paul Harris, a Chicago attorney, who formed the Rotary Club of Chicago in February 1905, allowing professionals with diverse backgrounds to exchange ideas and form meaningful, lifelong friendships. Over time, Rotary’s reach and vision gradually extended to humanitarian service and has a long track record of addressing challenges in communities and around the world.

Since then, RI has emerged to become the largest service organization in the world with 46,000 clubs worldwide and 1.4 million members. RI has six areas of emphasis: Promote Peace, Provide Clean Water, Support Education, Grow Local Economies, Fight Disease and Save Mothers and Children. RI was a champion in eradicating Polio worldwide, a major accomplishment that all Rotarians are very proud of.

Locally, The Rotary Club of the Ruby Valley has accomplished an array of service and improvement projects for our communities. The club was active in the development of Riverside Park along with improvements and additions to many Madison County Fairground projects. Some of these projects include the Lewis and Clark Gazebo and Sacajawea Bronze, replacing fencing, new equipment and benches, and an installation at the Aubrey Brooksle Memorial Playground. Tree planting and bench placements at various locations on the fairgrounds, to name a few. Additionally, the club sponsors Sophomore students to the Rotary Youth Leadership Academy camp and program near Livingston and distributes Student Dictionaries to 3rd grade students county wide. The Casino Fun Night has helped fund four \$1000.00 scholarships for graduates of Twin Bridges and Sheridan Schools.

We encourage any interested resident of our area to come to a meeting to learn more about Rotary and consider joining our Club and getting involved in its programs. The Club meets the first Tuesday of each month at the Blue Anchor Café in Twin Bridges at 6:00 p.m.

Parade Marshal Duke Novich

On February 26, 1935, Duke Novich was born and raised in the current ranch house he lives in today. Duke lived on and has owned and operated the ranch for 88 years. Duke was raised with three brothers Steve, Dan and Pete. Both of Duke's parents migrated from Yugoslavia to begin ranching in Montana. The siblings never finished high school because they had to go work on the family ranch to make a living. They had bands of sheep they ran in the Upper Ruby Gravelly Basin and had to travel by team weekly to take supplies into sheep camp and check on the sheep. It usually took a few days of travel to get to the Gravelly Range. For over 60 years Duke was known to be the local State Brand Inspector and has visited every ranch and corral to inspect cattle and horses over the years. It is always a great visit when Duke shows up to inspect your animals. The history of the valley and the ranches were always a fun topic. Duke's brother Pete was a pretty handy saddle bronc rider and won the NRA circuit in the fifties. All of the brothers started cowboying young. On one occasion Pete was at the local bar talking to a rodeo judge when Pete bet the judge he could ride a bronc in the fair parade. Pete called Duke for help and the bet was on. Early on Sunday morning Duke and Pete snubbed the bronc horse to Dukes horse and Pete climbed on. They rode from the ranch to town and Pete rode through the parade! What a sight! Then on the way back home with Pete's bronc snubbed to Duke's horse someone honked at them and Pete got bucked off. But, Pete won the bet and made it through the parade. Duke married Betty Hinton and they have three boys, Sam, Jay and Luke. All three boys grew up showing in 4-H. Sam showed sheep and won several grand champion and reserve champion sheep over the years. He also showed steers in Butte. Jay and Luke both showed steers and heifers with success over the years as well.

The start of the Madison County Fairgrounds Arena was several old timers who had dug all the post holes and put page wire up for an arena. Some of those folks were Hoyt Osborn, Moose Clark, Pete Novich, Duke Novich, etc. This is where the rodeo began at the fairgrounds.

Duke always had a love for a good team of horses, growing up using them for work and travel. His dream continues today with a beautiful team of horses he calls Jake and Jess. You will always see a smile on Duke's face while driving the team around at the NRA Rodeos at fair time and stepping out in the fair parade making a grand appearance with the gentle giants! When not playing with the team, Duke is still ranching at the home place keeping all the boys in line! Duke never misses an arena event whether it is team roping, rodeo, team sorting, ranch rodeo, or any other arena fun. Always, stop and say "Hello" to Duke at the arena. You will always learn something about history, cattle, horses, and rodeo. Duke is one special person in our valley and we are honored to recognize him at the 2023 fair parade and during the rodeos!

TRMCC SPECIAL COMMUNITY MEMBER

Hope Mommer

Hope has lived in the Ruby Valley most of her 101 years and is currently the oldest resident of TRMCC. She was born on the banks of the Ruby River on her father (William Seyler) ranch in 1921. Her Grandmother, Tina Larson, was the midwife and Dr. Burns was the Doctor. Hope had two brothers and one sister. The family did not have electricity until 1942 which made storing all the cream that Hope collected from the family cows difficult but not impossible as they had a cold cellar. Hope recalled that they made \$1.93 a gallon for the cream and that it took a week to collect that much. She loved all the animals on the ranch. She worked in the fields as a team driver.

Hope and her siblings attended the Twin Bridges school and that is where she met her future husband, Paul Kushman. The two got married when Hope was 20 and they had two children, Tanna and Bill. She worked as an accounting technician at the Montana State Orphanage in Twin Bridges until it closed in 1976. She then went to work at another state agency in Helena until her husband bought a service station in Twin Bridges. Sadly, Paul died at the early age of 57. Hope did marry again to Russell Mommer who spent the last 10 years of his life at TRMCC.

Hope is the published author of the book "Look Out West, Here Comes Robert Dempsey, 1848-1908". Robert Dempsey was Hope's Grandfather, as well as the owner of the Kentucky Derby winner, Spokane, who was trained in the Doncaster Round Barn outside of Twin Bridges.

From the Great Falls Tribune

"Hope Mommer tells a story in her biography "Look Out West: Here Comes Robert Dempsey" about an opportunity Robert Dempsey's little daughters lost. Dempsey was a well-known horse trader with a large extended family.

The Dempseys arrived at Bannack at the height of the gold rush. They settled in a log cabin outside the gold camp while the hired hands lived in elkskin lodges, tending the livestock, and watching the miners in their frantic search for gold. The Dempsey daughters, 10-year-old Maggie and 8-year-old Mary, also watched the miners panning in Grasshopper Creek.

Maggie studied the procedure. She and her sister found a spot along the creek, and imitated the miners, slushing and swirling water and gravel around in a pan. Their work paid off, and suddenly the girls saw something yellow and gleaming. They had found gold!

They ran to the cabin to show their father. He got very excited. Dempsey was an Irishman, and exclaimed in his thick brogue, "Oh Maggie, me darl'n, to be sure it's gold! I'll be gone to file me daughter's gold claim." And Dempsey immediately set off for town to file a claim on his daughters' behalf.

But before Robert Dempsey reached the claim office, he stopped off at one of the numerous watering holes to have a wee nip or two in celebration. So proud was he of Maggie and Mary and their great discovery, the whiskey loosened his tongue. He began to brag about it.

Miners kept a watchful eye and an open ear for such casual talk, and were known to take advantage. In this case, some other miner overheard the Irishman telling his friends about Maggie's gold and the location of the discovery. The miner made a beeline for the claim office, filing on what should have been the little Dempsey girls' claim. When Dempsey finally arrived at the land office, the claim had already been taken."

Ellen Baumlér is an award-winning author and the interpretive historian at the Montana Historical Society.

ROBERT DEMPSEY, PIONEER

**DIES AT HOME OF HIS DAUGHTER,
NEAR TWIN BRIDGES.**

Came to Northwest in the early fifties and to Montana in fifty-seven.

Special Dispatch to the Standard.

Twin Bridges, Jan. 14.—Robert Dempsey, one of the oldest of the pioneers of Montana, died Tuesday morning at the home of his daughter, Mrs. John T. Seyler, who resides near Twin Bridges. Mr. Dempsey was 84 years of age. He came to the Northwest with a company of government scouts, the first detachment to be sent into the country, he having entered the service shortly before. This was during the early '50s. Later he was stationed at Fort Bridger.

About 1857, having served his time as a scout, he came farther west and located in the Bitter Root valley, which then boasted a few settlers. He had not been there long, however, before the news of the big gold strikes at Bannack and Virginia City came to his ears and he crossed the divide once more to the section now included in Madison county. Mr. Dempsey kept a roadhouse on the Ruby river, eight miles above Twin Bridges, for many years.

Following the close of the gold excitement in Virginia City, Mr. Dempsey took up a ranch on the Big Hole river and engaged in ranching and stockraising. He was one of the first to introduce the breeding of standard and draft horses.

When he came to marry, Mr. Dempsey chose for his bride a pretty maiden from the lodges of the Nez Percés to share his home. Mrs. Dempsey was a noble woman and rapidly found favor in the hearts of her white sisters. She was a model wife and helpmate. Seven children, five girls and two boys, were the fruit of the union. Of the girls, three are living, Mrs. Seyler, Mrs. James Marshall and Mrs. Ed Edgehill. The sons, Robert and James, reside in distant parts of the state and were unable to reach here for the funeral.

Mr. Dempsey was a member of the Society of Montana Pioneers, being one of the oldest members in point of age and length of residence in the state enrolled in that organization. The direct cause of death was cancer. The funeral was held Wednesday.

JOYCE HELD

Joyce Held is a lifelong resident of Montana. She was born October 23, 1930 as Opal Joyce Atkinson in Butte, MT. She married Jack Held, September 15, 1959. The couple resided in Butte. While living in Butte, Joyce attended Butte Business College and worked for an Automobile Dealership and Jack was a meat cutter for Safeway. In 1959, the couple moved to Whitehall. After moving to Whitehall, Joyce worked at the drug store and the dry goods store, she said that she always enjoyed working. Joyce and Jack had 2 daughters, Linda and Paulette. When the girls were in 4-H Joyce would go to the Fair, but as a young girl herself she never attended a fair because Butte didn't have one in those days. The couple resided in Whitehall throughout their life together. They were married 64 years when Jack passed away in 2015. Joyce stayed in Whitehall until she moved to the Madison Valley Manor in Ennis Montana in 2021.

HOME PARK

SPECIAL COMMUNITY MEMBER

Rosalie Grindvold Massar was born in Harrington, Nebraska in 1925 and when she was four years old her parents sold the farm and moved the family to Circle, Montana. They traveled in what may have been the first “camper” and according to Rosalie, her dad built a “house” on the back of their truck which they could access from the cab. This camper was their home when they homesteaded in Circle in 1929.

Growing up in a small country school, the high school students lived in a dormitory next to the high school and this is where she met Fred Massar, they soon became high school sweethearts. Fred was known to “sneak” Mom out for dates when he was home on leave from the Navy and in 1945, when he was stationed in Bremerton, Washington, the two were married in a simple church wedding on November 11. Shortly after their wedding Fred was discharged and they spent Christmas Day on a train returning to Circle to start their new life together.

Rosalie was a loving wife to Fred and to her four children and later to grand- and great-grandchildren. She helped on the cattle ranches they owned, shuttled

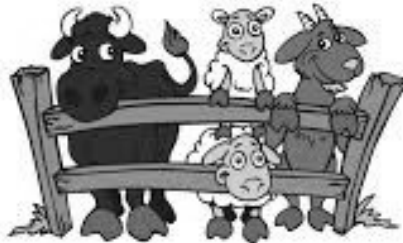

kids to school and 4-H events, was active in her church, the VFW auxiliary, and Cowbells. She is an accomplished seamstress, sewing for herself and kids and placed several times in the District Make-It-Yourself with Wool contest. Rosalie made button snap western shirts for her 2 boys and husband and commented “They were not easy, but I learned how to make them anyway.” She made quilts from old jeans for all her grandchildren and most of her great-grandchildren.

The Massar’s moved to Sheridan, MT in 1967 where they owned and operated the Tobacco Root Guest Ranch. Over the years, Rosalie cooked many meals and baked goods for all the guests of the ranch. While living in Sheridan, Fred announced at the Madison County Fair for many years and auctioned the 4-H sale. Rosalie was always available to help, but mostly kept busy keeping track of her kids at the Fair, feeding them, keeping clean white shirts available and being their cheerleader!

Upon retirement, the Massar’s moved to Lakeside, MT, making new friends and boating on Flathead Lake. During winter months, they were snowbirds in Arizona where Fred volunteered at a stable taking people out for rides in the desert hills. Rosalie rode along bringing up the “tail-end” of the riders and then helping with an outdoor steak-fry. She also has participated in swimming, water aerobics, golf, walking with friends every morning and sharing a glass of wine in the evening with these activities continuing well into her 90’s.

One of Rosalie’s fondest memories through the years and one that she has carried on at Home Park Assisted Living is making Lefse, a Norwegian flat bread, with her family. She says, “it’s just the Norwegian in me.”

Plowed Under Band Bio

Formed in 2009, Montana's Plowed Under Band is a high energy, country music party band. Their sets commonly contain modern country hits from artists such as Jon Pardi, Jason Aldean, or Tyler Childers, right next to the classic country hits from Waylon and Merle. Although they are mostly a country band, don't be surprised if the occasional classic or even modern rock song pops out. With a band full of singers, you get a large variety of styles and harmonies to keep you entertained.

Never a band to rest on their laurels they are constantly adding new material to their already extensive list of songs. They also have original music to bring their own unique touch to their fans. You can listen to their first single "Tomorrow Might Not Matter" wherever you stream music. They are also currently doing studio work to record other original music.

Plowed Under has been performing around Montana and surrounding areas for the last 14 years. They have played such events as the MSU Bobcat tailgate parties, the Grain Growers Convention, Farmers Union Convention, The Headwaters Country Jam, and countless other county fairs, rodeos and weddings. You may also have seen them share the stage with Justin Moore, Joe Nichols, Jason Michal Carroll, Chuck Wicks, Ricochet, Mark Wills, or the Bellamy Brothers.

When you hire the Plowed Under Band for your event, you can be assured that they will keep you entertained all night long.

When was the first
horse bit used?

To date, the earliest known artistic evidence of use of some form of bitless bridle comes in illustrations of Synian horseman, dated approximately **1400 BC**. The first bits were made of rope, bone, horn, or hardwood. Metal bits came into use between 1300 and 1200 BC, originally made of bronze.

Ramblin' Rose Drill Team

2022 State Champions

The Ramblin' Rose Drill team was formed in 1985. We are a family-oriented group that enjoys performing at rodeos and competing in drill competitions. Without the support of our family, friends, and sponsors we couldn't exist.

We are an enthusiastic group of equestrian riders that focuses on the art of performing choreographed maneuvers to music. We strive to teach, promote, and encourage good horsemanship and sportsmanship in and out of the arena. We enjoy showing off our hard work by entertaining spectators at rodeos across Montana and competitions throughout the Northwest.

We ride because we love it! Guts, Glory, Glitter. If you're gonna saddle up, you better be ready to ride.

Madison County Courthouse

Madison County was one of the original nine counties created by the first territorial legislature in 1865. This building, constructed in 1866, served as the county courthouse during Virginia City's stint as territorial capital (1865-1875). When the present courthouse on Wallace Street replaced it in 1876, three Catholic Sisters of Charity of Leavenworth, Kansas, came to Virginia City at the request of Father Francis Kelleher. The sisters opened St. Mary's Hospital for miners in the old courthouse. The hospital briefly prospered and the three sisters worked tirelessly caring for patients, cooking, sterilizing instruments, and doing endless hospital laundry. Placer gold was soon exhausted and St. Mary's closed for lack of patients in 1879. In 1949, Charles Bovey remodeled the interior as a hotel, but the exterior, with its clapboard siding and tall false front, is little changed from the 1870s.

What is an interesting fact
about landscapes?

The term "landscape" actually comes from the Dutch word "landschap," which originally meant "region, piece of land," but acquired an artistic connotation: "a painting depicting a landscape on land." In the Netherlands, this term was one of the first to be used as landscape has become a popular subject for painting.

Good Luck Fair Participants!

Dick and Mac McDonald moved to California to seek opportunities they felt unavailable in New England. Failing in the movie business, they subsequently proved successful in operating drive-in restaurants. In 1948 they took a risk by streamlining their operations and introducing their Speedee Service System featuring 15 cent hamburgers. The restaurant's success led the brothers to begin franchising their concept—nine becoming operating restaurants. At the San Bernardino location, Dick and Mac McDonald perfected their Speedee Service System featuring a limited menu including fifteen cent hamburgers, shakes and fries. The brothers sold 14 franchises of which 10 became operating restaurants not including their original location in San Bernardino.

The MADISON COUNTY FAIR BOARD/FAIR MANAGEMENT of the Madison County Fair reserves the final and absolute right to interpret these Rules and Regulations, to arbitrarily settle and determine all matters, questions and differences in regard thereto, connected with or incidental to the Fair.

Section 2. Rights are reserved by the MADISON COUNTY FAIR BOARD/FAIR MANAGEMENT to formulate and announce new rules to meet emergencies that may arise during the Fair and to determine all matters arising from the Fair.

Section 3. The MADISON COUNTY FAIR BOARD/FAIR MANAGEMENT reserves the right to exclude from the Fairgrounds any person or persons. Persons who violate any of the Madison County Fair Rules, laws, or who shall engage in offensive conduct may be removed from the Fair.

Section 4. Every animal and article upon the grounds shall be subject to Fair Rules, but while every precaution will be taken for the safekeeping of the same, neither the Fair Board, nor its officers or agents will be responsible in any case for any loss or accident which may occur.

Section 5. The MADISON COUNTY FAIR BOARD/FAIR MANAGEMENT reserves the right to prescribe dimension and regulate the position of signs, and generally to direct the arrangement of articles on exhibition as far as the same may be necessary to secure harmony and attractive appearance.

Section 6. Digging or driving posts or stakes into the ground is strictly PROHIBITED unless permission is granted by the MADISON COUNTY FAIR BOARD/ FAIR MANAGEMENT.

Section 7. The MADISON COUNTY FAIR BOARD/FAIR MANAGEMENT reserves the right to amend or to add to these Fair Rules, as they, in their judgment, may deem advisable. In the event of conflict between General and Special Rules, the latter will govern.

Section 8. The MADISON COUNTY FAIR BOARD/FAIR MANAGEMENT reserve the right to direct and regulate the parking of all automobiles or other vehicles or conveyances within the fairgrounds and to direct where they shall be driven therein. PLEASE NOTE: WHEELED TOYS (I.E. SKATE BOARDS, SCOOTERS, HOVER BOARDS, ETC.) ARE ALLOWED ON THE FAIRGROUNDS ONLY IN DESIGNATED AREAS. ANY WHEELED TOYS RIDDEN OUTSIDE OF DESIGNATED AREA, WILL BE CONFISCATED UNTIL FAIR IS OVER. No bicycles, atv's, utv's, or motorcycles are permitted on the fairgrounds during the fair. All dogs must be kept on a leash. No Dogs are allowed in livestock showing areas, bleachers, or sales arena bleachers. Only Registered Service animals are allowed in buildings. Smoking is prohibited in all facilities including restrooms, buildings, and grandstands and/or bleachers. No balloons are allowed in the Pavilion or Jeffers (square) building. The Fair Board does not allow peel off stickers, personal posters and/or signs to be issued anywhere on the premises.

Rule 2 — Entry of Exhibits

Section 1. Competition in all open exhibits is open to anyone in Montana. Application for entry must be made on an official entry form. 4-H and FFA exhibits are limited to Madison and Jefferson Counties only. YOUTH is 15 years of age and under. Yellow entry tags are to be used for youth exhibits.

Section 2. All livestock entries will close per the individual department times. Please see each department for details. Entries in all other Departments must be made by Thursday at 8:00 pm. Judging of open class indoor exhibits will take place on Friday beginning at 8:30 am.

Section 3. Exhibits, except livestock, shall be the property of the exhibitor and shall be of his/her own production. The Fair Management reserves the right to require a sworn affidavit as to the ownership, producer, and place raised of any exhibit.

Section 4. Exhibits erroneously entered may be transferred, in the discretion of the Superintendent of the Department in which they properly belong, if done prior to the awarding of premiums in the class in which they are eligible.

Section 5. No exhibits shall be removed before 11:00 am Sunday, the final day of the Fair. This shall include 4-H and FFA, as well as general exhibitors. Removal of exhibits prior to 11:00 am will result in premium forfeiture. All sale livestock may be released for shipping after 7:00 am on Sunday.

Section 6. The Madison County Fair will not assume or pay transportation charges on articles sent for exhibition or assume or pay any expenses in their delivery to the fairgrounds.

Section 7. No premium shall be awarded, nor will any premium be guaranteed to be paid on any animal or article not mentioned or classified in the premium list published in this Fair Book.

Section 8. Exhibitors should take notice of the time and date on which the entries in the various Departments close. Exhibitors will furnish Superintendents their entry forms at the time the exhibits are entered. DO NOT MAIL THE ENTRY FORMS TO THE FAIR MANAGEMENT.

Section 9. Open class livestock for beef, sheep, swine and dairy will not be listed in this Fair Book. However, should sufficient interest be shown by commercial livestock producers to compete in open class and if there are sufficient entries to cover 1st, 2nd, and 3rd place, lot numbers will be provided to create an open class exhibit. Commercial livestock producers who wish to exhibit and not compete are welcome and space will be provided. Those who wish to compete should contact the Fair Manager prior to bringing livestock to the Fair to be assured of enough competition to warrant creating an open class exhibit. 4-H members will not be allowed to enter the same animal in open class that was exhibited in the youth class.

Section 10. NO ENTRIES WILL BE RECEIVED BY MAIL.

Section 11. It is not required, but is requested, that any and all hay on the Fairgrounds be noxious weed-seed free. Shavings must be used for bedding.

RULES AND REGULATIONS

1. All entries close at 8:00 p.m. Thursday and cannot be removed until 11:00 am Sunday.
2. Sheaf forage must be current year's crop. Previous year's crop may be shown in threshed grain and grain sheaves if not shown before.
3. Exhibits will not be eligible for competition unless the specified amount is shown.
4. All sheaves of grain, forages and grasses must not be less than 3 or more than 5 inches in diameter just below the heads. Grains must be tied in at least 3 places. Forages and grasses are to be cured.
5. Judging shall be open to the public and subject to rules of non-interference and decorum.
6. All entries must be current year's crops unless otherwise designated. All products in the class must be field grown and none can be hothouse grown.
7. Youth under 15 years of age must use yellow tags for entries.

Hints to Exhibitors

1. Purity and quality of a sample are the two points to remember when preparing samples of threshed grain for show. Purity is valued at 35% and quality at 65%.
2. Wheat - all samples should be free of dirt, weed seeds, chaff, and other grains. There should be no evidence of smut in the sample. The sample should be pure as to variety and class of grain. The grain in the sample ought to be large, plump and of hard flinty texture. A deep, yet clear dark red color is best for milling wheats. It should give a high test weight. The sample should be free from all kinds of damage such as bin pruning, etc.
3. Oats and Barley - Practically the same points for wheat will hold for oats and barley. In oats and barley, fresh clean color is very important. Another important point is the plumpness of the grain, best indicated by a high point per bushel.
4. Sheaf Grain - In sheaf grains, the evidence of high yield and quality are of equal importance. A sheaf of grain should be pure as to variety. The grain must be well matured and of sound vitality.
5. Forage Sheaves - Forage sheaves are judged upon their apparent forage quality, purity and yield. IT IS VERY IMPORTANT THAT THE SHOW SAMPLE BE CURED IN A WAY THAT WILL PRESERVE THE NATURAL GREEN COLOR AND THE MAXIMUM AMOUNT OF FOLIAGE.

RULES AND REGULATIONS

1. All entries close at 8 pm Thursday, and cannot be removed until 11:00 am Sunday.
2. Do not add more stems than the Fair Book calls for.
3. All foliage should be clean, wash gently before entering.
4. Flowers must be grown by the exhibitor.
5. Exhibitor may enter only 1 item per Lot #.
6. The Madison County Fair is not responsible for flower containers. Plain everyday, CLEAR, plastic or glass may be used.
7. A BLOOM means one (1) flower, foliage as required; a STEM means a single (1) flower on one (1) stem, with foliage; a SPIKE means a single stem possessing many individual florets, foliage as indicated; a SPRAY means three (3) or more flowers per stem, with foliage. A HEAD means the apical bud of a plant, as for flowering cabbage or flowering kale.
8. All foliage below the water line must be removed.
9. Cultivar's names for all Fresh Flowers must be supplied.
10. All Fresh Flowers must be conditioned by hardening the cut plant materials in tepid water over night. Use of floral preservatives is helpful. A SPECIMEN means a typical representative of a genus, species, type or cultivar. Called for when there is a possibility of more than one bloom form per Lot, as in Dianthus and Cosmos, or for a foliage plant.
11. YOUTH is 15 years and younger. Use yellow tag for all youth entries.
12. Decorated Hat. Do not use hat for a container for the flowers. The judging is on the decoration of the hat as a flower container.

Hints for Exhibiting Cut Flowers

If plant material is to hold up through the exhibit period, it must be cut no earlier than the day before it is to be exhibited. Cutting should be done about 4:00 in the afternoon, since at that time there is the greatest amount of sugar in the leaves. As soon as the flowers are plunged in water, they take up enough to overcome any apparent wilting. Plunging stem in water about 110 degrees F is usually best. Then setting in a cool room, out of draft, and let the water cool to room temperature. This enables the flowers to regain their rigidity and last longer. Cut stems cleanly at an angle with a sharp knife and place at once in deep water. Flowers should be kept in deep water eight to twelve hours or overnight. Foliage below the water line should be removed.

Flowers or branches with woody stems should be crushed or pounded before being placed in deep water. Any flower with milky or colorless fluid in their stems may be seared with a flame or the stem end placed in boiling water several minutes. Protect the blossom end by wrapping in newspaper.

Cosmos - always yellow, orange or red exhibit as sprays.

Gladiolus - pop tops off; plastic wrap for standing straight.

Hollyhock and Delphiniums are hollow stemmed. When they are cut, it is important to fill the stem with hot water (Not Boiling): Seal the stem with a finger or thumb, and then place in tepid water to harden.

Most importantly: each exhibit must contain no more or less than the number of stems required under each Lot #, otherwise they will be disqualified. Count stems to be sure number is correct.

The following definitions must be heeded for proper exhibition:

Bloom: shall mean (1) flower, foliage as required.

Head: for cabbage and kale, the apical bud.

Stem: shall mean a single flower on one (1) stem with foliage required unless otherwise indicated.

Spike: shall mean a single stem possessing many individual florets, foliage as indicated.

Spray: shall mean 3 or more flowers per stem, with foliage.

Specimen: a typical representative of a genus, species, type or cultivar. Called for when there is a possibility of more than one bloom form per lot, as in Dianthus and cosmos, or for a foliage plant.

DIVISION B- CONTAINER PLANTS

Exhibit container plants as if you were entering a beauty pageant; the containers and the plants need be cleaned and groomed of salt buildup, spent leaves and flowers, etc. It is important to keep the growth symmetrical by turning the plants on a regular basis. **Do not use leaf polish on indoor plants; they will not be judged.** Double crowns on specimen plants, like African violets are a serious exhibition fault. More than one plant per container is allowed unless otherwise excepted.

Regular care, proper light, fertilizer and water are essential to make a plant come to its full potential.

CACTI AND SUCCULENTS

Cacti and succulents are very similar types of plants which have adapted to drought in whole or in part of their life cycle. It is useful to know that all cacti are succulents but not all succulents are cacti. They are differentiated by the presence or absence of areoles, which are foreshortened branches. Little tufts of hairs, bristles or spines grow from these joints, which give rise to the flowers. All cacti have areoles; no succulents have them.
